HRH Princess Haya Bint Al Hussein

This year's annual report is about reflecting upon the journey of Tkiyet Um Ali, as 2018 marks an important milestone – the passing of 15 years since its establishment in 2003. Throughout these years, our organisation has evolved significantly and it has continued to be guided by our founding belief that no one deserves to go hungry.

Tkiyet Um Ali has come a very long way. It has been able to establish itself as a leading organisation in the field of eradicating food poverty in Jordan, and it has also positioned itself as a model initiative in the Arab world.

Over the years, Tkiyet Um Ali has distributed 1,200,000 food parcels to families across the Kingdom, served 2,000,000 daily hot meals, and 190,000 Udhiyah sacrifices were performed. These are a few noteworthy accomplishments which deserve some reflection and recognition.

Today, we are not only celebrating our 15th year anniversary, but we are also celebrating thousands of success stories. Stories about making a difference in the lives of thousands of people.

Following in my beloved parents' footsteps, Their Majesties the late King Hussein and Queen Alia, Tkiyet Um Ali in 2018 has entered into a new collaboration with Dar Abu Abdullah, which was established to honour the legacy of my father His Majesty the late King Hussein with the aim of helping unprivileged Jordanian citizens from Tkiyet Um Ali's beneficiary families, and preparing young adults for the labour market by equipping them with the necessary employment skills. This strategic partnership is full of promise and both Tkiyet Um Ali and Dar Abu Abdullah will work together to support Jordan's efforts in ending hunger and poverty.

Tkiyet Um Ali has received generous contributions from our committed corporate and individual partners, and on behalf of the members of the Board of Directors, I would like to express our sincere gratitude to each and every one of our partners, whose valuable contributions make an impact and are truly appreciated.

I am personally very grateful for the continuing commitment of the esteemed members of our Board of Directors, and the staff, for their active involvement in the growth of our organisation.

We are also appreciative of the support of our 40,886 dedicated volunteers who have committed more than 170,000 hours of their time throughout the past 15 years and who certainly deserve our thanks, as they are an essential element to the success of the different aspects of our daily operations.

With the knowledge that success is only possible with the contributions of the great many people and entities aforementioned, we look forward to the challenges that 2019 will bring as we carry on with our mission of supporting our people to guarantee the people of Jordan a life of dignity, and as we gradually begin to increase the number of households supported by Tkiyet Um Ali, reaching a newly set target of 40,000.

# Remembering Nasif...

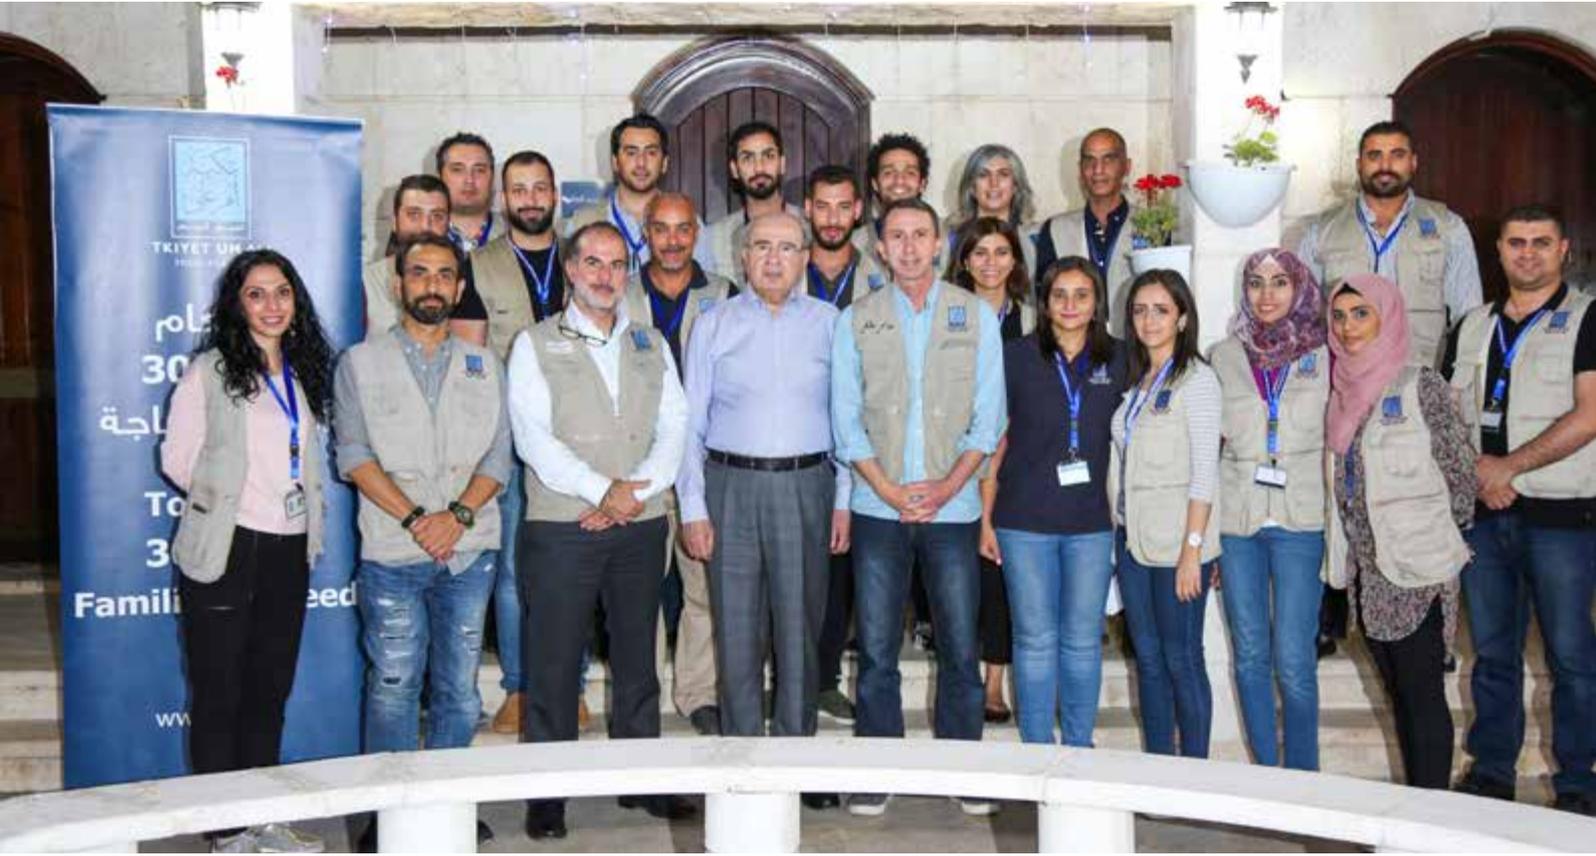

Earlier this year, we were deeply saddened as we lost a beautiful soul that has impacted the lives of countless people.

During the time he spent serving others as a founding Board Member at Tkiyet Um Ali, Nasif was an inspiration to all of us. He taught us values of generosity, kindness, tolerance towards one another and working together as a team.

We will always remember Nasif as a brother who supported and loved everyone around him, a loving man who went through life helping others and making his beloved Jordan a better place.

**You will always be in our thoughts and prayers.**

The committee plays a vital role in motivating local women to support endorsed families by organising awareness-raising events and activities to society members.

The committee organised many charity events in 2018, in addition to fundraising events to support TUA's Sustainable Food Aid Programmes; it also held a charity brunch during the holy month of Ramadan sponsored by the Grand Hyatt Amman Hotel, Fairouza and 32 Degrees North Restaurant. The committee also organised a "Msaharati" event that was held in Haya Cultural Center. The event included a storyteller who shared real stories of TUA's endorsed families along with a magic show.

## Family Sponsorship Programme

This programme aims at instilling the concept of social solidarity, by providing donors with the opportunity to sponsor one of the 30,000 endorsed families so they receive a monthly food parcel containing 24 food commodities that include all the basic nutritional needs in order to satisfy the needs of a family for an entire month. The monthly sponsorship is valued at either JOD 15, 30, 50, or 70 per month, depending on the number of family members.

## Monthly Food Parcels Programme

Donors can make a contribution that is the equivalent of one monthly food parcel that will be delivered to underprivileged families benefiting from TUA. Each parcel is valued at JOD 15, 30, 50, and 70, depending on the number of family members.

## Wayfarer Programme

TUA welcomes 400 individuals every day of the year at its headquarters under the Wayfarer Programme. Donors can contribute JOD 3 , which is the value of a hot meal served to any wayfarer.

## Sacrifices Programme (Dhabihah)

Throughout 15 years, TUA established partnerships with various local, regional and national entities, to support families living in extreme poverty to achieve a hunger-free Jordan.

## **Partnerships with the Private and Public Sectors**

TUA believes in the importance of working with both private and public sectors for their significant role and impact on society. TUA has succeeded in building partnerships with more than 80 different institutions, focusing on various goals such as assisting the beneficiaries and raise awareness about food poverty.

## **Partnerships with Local and International Organisations**

TUA celebrated developing partnerships throughout 15 years working with local and international institutions and organisations that share the same goals in preserving the dignity of beneficiaries.

## **Partnerships with Universities and Schools**

## A Wayfarer Testimony

“ Ahmad is an ex-pat who returned to Jordan after a long period in a European country, where he spent his childhood until he obtained the citizenship, and started a family there. Ahmad lived a good life, a promising career and high income, but after his divorce Ahmad decided to return to his homeland; Jordan, to raise his daughter with Jordanian values and traditions and among family.

At first, Ahmad worked as a restaurant manager in one of Amman’s hotels, however, the situation changed and he didn’t settle in his work and had lost his income, despite his extensive cultural background and distinctive personality. Ahmed then suffered from a foot nerve disorder, hindering him from practicing his life as before. Due to the sudden change in Ahmad’s circumstances, life burdens became unbearable and he could not even afford his daily food requirements. Ahmed heard from a friend about Tkiyet Um Ali and its programme, and has benefited from the Wayfarer Programme that serves daily hot meals at the headquarters of Tkiyet Um Ali since 2006. Ahmed became a friend and part of Tkiyet Um Ali, passing by every day for lunch. Ahmed always mentions how Tkiyet Um Ali cares for the beneficiaries, preserving their dignity without any discrimination, as he genuinely feels that he is a member of the Tkiyet Um Ali family, and he found there what he couldn’t find in his relatives and family. He also continuously praises the food quality they provide and the sincerity and authenticity of Tkiyet Um Ali employees.

## Testimony of Abu Mohammad

Abu Mohammad lives in a rented house with his family of 4 members in Al Balqa'a governorate, his family consists of his wife, a daughter in fifth grade and a son in ninth grade who is sick with cancer and unfortunately, insurance doesn't cover his treatment fees. Abu Mohammad worked for 10 years in Al Balqa'a University before he was fired in 2009.

After that Abu Mohammad tried to work in the market but couldn't earn enough money, and with the increased debt, Abu Mohammad was detained because of his 12,000 JDs bank loan. His wife; Um Mohammad was able to receive a monthly salary of 120 JDs from the Ministry of Social Development, for a few months before it was permanently suspended. After losing hope, Abu Mohammad applied to Tkiyet Um Ali to provide him and his family with their nutritional needs. For 6 years now, Tkiyet Um Ali has been providing the basic supplies covering Abu Mohammad's family needs, and by receiving the monthly food parcel, he was able to benefit from the money he receives from his unstable work to repay his bank loan.

Abu Mohammad often says: "Instead of buying sugar, oil, canned food, etc., I can now fulfill my obligations and try to provide a better life for my family".

# Volunteer Testimony

**"Volunteering awakens the best in me and I get the chance to feel with the less fortunate".**

I'm Roa'a Al-Adawi, a lawyer that started her journey in volunteering at Tkiyet Um Ali since 2014.

Volunteering always had a good impact on me, I volunteered in many associations and organisations before 2014, but when I joined the TUA volunteering team, I was fascinated by the procedures TUA follows, they make sure to prearrange volunteering programme and meeting points. After witnessing how professional the management was handling the volunteering programmes from the very first, I made sure to always be a part of Tkiyet Um Ali voluntary team.

I started my journey with TUA the day I was reviewing the volunteering programmes publications on social media, I noticed how diversified and flexible the programmes were. Then I filled out the volunteering application on TUA's website, they contacted me to arrange the time and the programme I want to volunteer in, and I chose the feeding programme "Wayfarer Programme" to serve food to more than 400 passers-by.

I also volunteered in "Shouf Bi Ainak" Programme that left a severe impact on me. The programme starts with visiting TUA warehouses in Al-Qastal to pack the food parcels that get distributed to endorsed families throughout the Kingdom, and it ends with delivering the food parcels to the families. We visit a different governorate each time through the "Shouf Bi Ainak" Programmes.

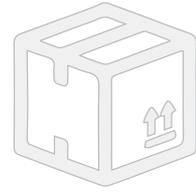

Even my 70 year old dad joined TUA's volunteering programme, after I shared with him and the family my experience and the importance of volunteering in improving individual lives and communities.

Volunteering has sharpened my personality and developed my experiences and gave me the chance to be socially responsible in the community. I urge everyone to experience volunteering at TUA for its huge impact on the lives of the families in need around the Kingdom."

**INDEPENDENT AUDITOR'S REPORT  
TO THE MANAGEMENT COMMITTEE MEMBERS  
OF TKIYET UM ALI – (NON FOR PROFIT ORGANIZATION)  
Amman- Jordan**

**Report on the Audit of the Consolidated Financial Statements**

**Opinion**

We have audited the consolidated financial statements of Tkiyet Um Ali - (Non for Profit Organization) (the "Organization") and its subsidiaries (the "Group"), which comprise the consolidated statement of assets and liabilities of as of 31 December 2018 and the consolidated statement of revenues and expenses, consolidated statement of accumulated surplus and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, assets and liabilities of the Group as of 31 December 2018, and its revenues and expenses and its cash flows for the year then ended in accordance with the organization procedures and the adopted accounting policies as in Note (4).

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards, are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Jordan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

Without qualifying our opinion, and as disclosed in note (2) to the consolidated financial statements, the consolidated financial statements have been prepared in accordance with the accounting policies adopted by the Organization. As a result, our report is intended solely for group management purposes and should not be used for other purposes or parties.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Organization's procedures and the adopted accounting policies as in Note (4), and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group's or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Report on Other Legal and Regulatory Requirements**

The Group maintains proper books of accounts, which are in agreement with the consolidated financial statements.
